<b>Grading system</b>	The Hungarian scale for grading contains just five grades: 5 (very good), 4 (good), 3 (average), 2 (satisfactory), 1 (insufficient). 2-5 are the passing grades, corresponding to D-A, respectively. There is no additional differentiation. We take the "average" designation of the middle grade, 3, seriously.
<b>PRACTICAL INFORMATION:</b>	
<b>Housing information</b>	Students can find accommodation in <a href="http://www.andrassyuni.eu/fur-studierende/leben-und-wohnen-in-budapest/wohnungsangebote">http://www.andrassyuni.eu/fur-studierende/leben-und-wohnen-in-budapest/wohnungsangebote</a> from 250-550 € a month, but it is worth paying a bit more for a nice, renovated downtown flat with all necessary comfort. If someone is on a low budget it is cheaper to get a flat outside the city center area. If the flat is located close to the underground it will be easy to get to reach the centre, but be careful, one can travel an hour or even more from the outskirts. Most of the households are connected via internet. To get an offer it is best to search online apartment offers in advance, some providers offer <a href="#">flats for students</a> .
<b>Health insurance information</b>	For EU citizens, their home health insurance is accepted in Hungary as well. Non-EU citizens have to provide for the insurance.
<b>Estimated personal expenses per month:</b>
