Academic Calendar

<table>
<thead>
<tr>
<th>SPRING SEMESTER 2020</th>
<th>AUTUMN SEMESTER 2020</th>
</tr>
</thead>
</table>

Further information is available on the University’s website: [www.his.se/en/Student/Practical-information/Academic-calender/](http://www.his.se/en/Student/Practical-information/Academic-calender/)

An Introduction Programme will take place during the **week before the start of the semester**. The exact dates for the Introduction Programme will later be published on our website: [http://www.his.se/en/Student/admitted/Newlyadmitted/](http://www.his.se/en/Student/admitted/Newlyadmitted/)

Course information

**Languages of Instruction**
The University of Skövde offers courses taught in Swedish and English.

**Available Courses for Exchange Students in English**
Our University offers about 100 courses in English in different fields of study for your students.

- Engineering (Industrial, Mechanical and Product Design Engineering)
- Natural Sciences (Bioinformatics, Biomedicine, Molecular Biology, System Biology)
- Business Administration
- Computer Science (Informatics, Information Systems Development)
- Computer Game Development
- Media Arts, Aesthetics and Narration
- Nursing
- Philosophy and Cognitive Neuroscience
- English language
- Swedish language

A list of the courses that will be offered to our exchange students during the spring semester 2020 will be published on our website no later than by the middle of August. The list ("Courses in English Spring 2020") will be available under the heading **Prospective Student / Education** on our website.
Requirements for Admission – Exchange Students

Prerequisites for courses
We advise your students to read our instructions before they submit their applications. You and your students must carefully check the prerequisites for each course. The prerequisites are listed on the course description page. Your students should only apply to courses that they fulfil the specific academic requirements for. In some cases, we might ask your students to demonstrate that they meet the prerequisites by submitting syllabuses (course plans) from courses they have previously studied.

Courses on master’s level
Most of our master’s level courses require that the student has been awarded a bachelor’s degree (equivalent to a Swedish kandidatexamen). Please observe that in Sweden there are national guidelines for how to assess academic qualifications from different countries. These guidelines will be used to evaluate your student’s qualifications and eligibility to specific courses. Please make sure that the student submits a copy of the degree certificate and an official transcript of records.

Language Proficiency
For bachelor/undergraduate level studies
The sending university is responsible for ensuring that nominated students are sufficiently fluent in English. Your university must be able to confirm that they meet the minimum recommended level (B2) according to the Common European Framework of Reference for Languages (CEFR) by signing our English Proficiency Certificate. This certificate is available on our website.

If a student turns out to have insufficient knowledge in the English language, and this prevents him or her from actively participating in courses, we cannot be bound to the Learning Agreement. In such a case, we cannot guarantee that we will be able to offer the student courses representing a full study load.

For master/graduate level studies
Students applying to master’s level courses must demonstrate their English abilities by submitting an internationally recognized English test. Please observe that a statement by your university or a coordinator language test will not be sufficient.

Accepted tests and minimum results required are listed below:

<table>
<thead>
<tr>
<th>English test</th>
<th>Minimum overall score</th>
<th>Minimum score in every section</th>
<th>Minimum score Writing section</th>
</tr>
</thead>
<tbody>
<tr>
<td>IELTS Academic</td>
<td>6,5</td>
<td>5,5</td>
<td></td>
</tr>
<tr>
<td>TOEFL Paper-based</td>
<td>575</td>
<td></td>
<td>4,5</td>
</tr>
<tr>
<td>TOEFL Internet-based</td>
<td>90</td>
<td></td>
<td>20</td>
</tr>
<tr>
<td>Cambridge Advanced English (CAE)</td>
<td>Accepted</td>
<td></td>

<td>Accepted</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Cambridge First Certificate (FCE)</td>
<td>Does not fulfil the language requirements</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Students who have taken university courses taught in English may be exempt from submitting a formal test. Please look at the list of exemptions for more information.
Course selection – Exchange Students

Exchange students must be admitted to at least 30 credits, which equals one semester of full-time studies. Your students are free to select 30 credits from courses in all our subject fields, as long as they are likely to fulfil the entry requirements of the course. They may add extra language courses as follows: 15 credits in English language courses + 18 credits in Swedish language courses.

The maximum amount of credits (ECTS) an exchange student can be admitted to in one semester is thus: 30 credits in all our subject areas + 15 credits in English language courses + 18 credits in Swedish language courses.

More information about how to choose courses will be sent to the nominated students.

Application Procedure – Exchange Students

Nomination Deadlines for Exchange Students

*March 10* for the following autumn semester / full academic year
*September 10* for the following spring semester

Nominations for exchange studies in the spring semester 2020 should be emailed to exchangestudent@his.se. We will only process applications from students who have been formally nominated. After we have accepted your nomination, we will contact the students and send them more detailed information about the application procedures.

Application Period for Exchange Students

*March 15 – April 15* for the following autumn semester or full academic year
*September 15- October 15* for the following spring semester

How to apply

Students nominated for exchange studies submit their applications via www.universityadmissions.se, the national Swedish university application system.

When selecting courses, please consider the following:

- The students must choose courses from our list of courses available in spring 2020
- They should only apply to courses where they fulfil the academic requirements
- The courses the student chooses should correspond to their level of study (bachelor or master’s level). However, master level students are welcome to apply to both bachelor’s and master’s level courses
- The student should select courses representing at least 30 ECTS, and make sure to choose courses that cover the entire semester (and not, for example, just the first half of the semester)
- The course selection should be ranked in order of preference

Prepare supporting documentation

The student must prepare the required supporting documents, such as an official transcript of records in both English and the original language, a copy of a valid passport, English Proficiency Certificate etc. For master level students, a copy of the bachelor degree diploma will also be required. The documents must be scanned in pdf format.

All applications for exchange studies must be submitted via www.universityadmissions.se. Nominated students will receive specific instructions on how to create an account on this website, how to submit their application and how to upload the documents. If you want to help your students to submit their applications, we refer you to these instructions.
Please be aware that www.universityadmissions.se is used by all students (national and international) that are applying to all Swedish universities. This means that it contains information that is not relevant for exchange students. For this reason, it is very important that your students follow the step-by-step instructions given in our guides Application Procedures for Exchange Students and Application Guide for Universityadmissions.se.

The required documents should be submitted no later than October 15. **Incomplete applications will not be processed.**

**Required documents**
The student must submit the following documents:

1. An official transcript of university records in English
2. An official transcript of university records in the original language
3. The English Proficiency Certificate
4. A copy of a valid passport or national identity card, clearly stating the citizenship. For non-EU students a copy of the passport is required
5. A passport photo

Students applying for **master’s level courses** must also submit:

6. A copy of the bachelor’s degree certificate (diploma) accompanied by an updated official transcript of records in English and in the original language
7. An internationally recognized English test (TOEFL, IELTS, Cambridge etc)

Please note that the documents that the students submit with their application must be scanned in PDF-format. We would also like to remind you that a student’s application will not be considered unless the transcripts from your university have been translated to English. We will accept verifications that are signed by a university official and stamped with the university seal. All translations must be accompanied by a verified copy of the original.

**Application Procedure for Study-Abroad Students**

*Students nominated under the Study-Abroad Programme (that is, fee-paying students) should follow the deadlines and application procedure described in Annex 1 of the Study-Abroad Programme agreement.*

**Admission results**

Course admissions results (“Notification of Selection Results”) will be notified online at universityadmissions.se. It may take six to eight weeks to process an application. We will notify when the application has been processed. The student can then find the Notification of Selection Results by logging in to his or her account at the universityadmissions.se website. Please observe that we will **not** send formal admission letters via e-mail. If a printed copy of the admission result is needed for residence permit applications or other situations, the student can print the Notification of Selection Results from this website and use it as proof of admission.

We will prioritize applications from students from outside Europe, since they need to apply for residence permits in time. Non-European students can expect to receive their final course admission results by the end of November, and European students by the middle of December.
Learning agreement
The study programme stated in the Learning Agreement must conform to the courses that the student is actually admitted to at our university. Otherwise we will not be able to sign the Learning Agreement, or we will need to make changes to the original study plan. We suggest that you send the Learning Agreement to us after the final admission results have been published. The signing of the Learning Agreement will be handled by the Admissions Office (exchangestudent@his.se).

Academic Information

Exam Sessions
Most courses end with a test in the form of a written examination in an examination room, where the students’ knowledge is tested. Other forms of tests can be home-based tests, laboratory experiments, seminars and assignments to be submitted.

Course Registration
Course registration is normally done during the Introduction Programme.

Exam Sign-Up
Students must sign up in advance if they want to take an examination or if they are retaking an exam. They can sign up for examinations via our web site. The students must sign up no later than one week before the day of the exam. To be able to sign up for an examination they need Internet access and a student user account at the University of Skövde.

Distance Examination
Since we expect the students to attend the Introduction Programme, the University of Skövde offers exchange students the possibility to take exams at the University of Skövde instead of the home institution during the first three weeks of the semester. Please contact distanceexam@his.se for more information about this offer.

For Partners with Double-Degree collaboration with the University of Skövde
Students from partner universities that have a Double-Degree collaboration with our university, and who wish to apply for a degree from the University of Skövde after they have completed their studies here (including a bachelor project) might be asked to submit syllabuses and transcripts of completed courses and grades. University records should be submitted in English and in the original language. All translations must be officially certified and accompanied by a verified copy of the original.

Transcript and Other Documents after Completed Studies
To order a transcript from us, exchange students need to follow the instructions on our website. If they do this, we will send the transcript along with a course certificate and a description of our grading system after the studies have been completed.

Grading System
Full study load for one semester (ECTS): 30 ECTS

You will find more information about our credits and grades on our website.
Practical Information for Incoming Students

Accommodation Information
Students who need help to find a place to stay should fill in our online accommodation application. The students can apply for accommodation before they receive their course admission results. Please make sure that your students read through the terms of rent and payment before submitting the accommodation application no later than November 15. Due to the nature of living conditions in the student housing and limitations with our landlords it is not possible to bring family members or pets during the exchange studies. Students who want to bring their families will have to arrange the accommodation by themselves. You find more information here http://www.his.se/en/Prospective-student/Exchange-student/Accommodation/

Student Accommodation Coordinator
Elin Tomasdottir; bostadsformedling@his.se
Tel: +46 500 448600

Arrival / Pick-Up Service
Exchange students are expected to arrive to Skövde during certain “arrival days”, normally the week before the semester starts. A pick-up service will be provided during specific arrival dates and hours. With this service, the students will be picked up at the train station in Skövde and transported to their accommodation. If the students arrive on other days they must arrange their own transportation. The students will be asked to fill out an arrival form with arrival details, in order to prepare the student’s accommodation keys. Information will be sent to the students after they have been admitted to studies at our university. For more information, please visit: http://www.his.se/admitted

Late arrival
If a student cannot arrive in time for the Introduction Programme, please make sure to notify us this by sending an e-mail to exchangestudent@his.se.
**Introduction Programme for International Students**

The Introduction Programme for international students takes place the week before the beginning of each semester. During the programme the students will get to know the University, the Student Union, the city of Skövde and its surroundings. They will receive information about the registration procedure, course schedules, computer access, security cards and much more. A special social programme will also be arranged. More information about the Introduction Programme can be found at [http://www.his.se/admitted/](http://www.his.se/admitted/).

**Guide for International Incoming Students**

More practical information about the student life in Skövde is given in our [Student Guide](https://www.his.se/admitted/).

**Student Support and Services**

We offer exchange students different supporting services:

- Student Affairs Office
- Student and career counselling
- Student Health Service
- Special support for students with disabilities
- Study Support Center
- Student Chaplain’s Office
- IT service
